# TO OUR FRIENDS AND CUSTOMERS:

We take pleasure in advising the farmers who have been borrowing their money from this bank, that our bank will continue to take care of their needs for the year 1930, the same as we have done in the past.

Of course, we will not lend you money that we think you cannot pay back---but if you are a regular customer of this bank, your wants and needs will be promptly and properly taken care of.

Our bank enters the year 1930 stronger in every way than we have ever been before, and we attribute this condition to the fact that we have been careful in the loans we have made to our customers.

Our Bank does not owe any money and have on hand in cash at this time OVER ONE QUARTER OF A MILLION DOLLARS.

> We want to thank our depositors for their continued friendship and loyalty and when you deposit your money with this bank you have the following security for same:

> > Capital Paid In . . \$200,000.00 Surplus and Profits . . 51,000.oo

> > Shareholders' Liability . . 200,000.00

Security To Depositors . . \$451,000.00

If you want your money in a safe banking institution, please bear in mind the following facts:

First. This Bank Does Strictly a Banking Business.

Second. We Do Not Sell Automobiles and We Do Not Handle Automobile Notes.

Third. We Are Not In the Fertilizer Business.

Fourth. We Do Not Speculate In Anything. We Do Not Buy Cotton or Sell Cotton.

On the basis of the above sound banking principles, we solicit your patronage. Make the year 1930 your most prosperous and happy year by opening your deposit account with this bank.

In Our SAVINGS DEPARTMENT, We Pay 4 per cent Interest Compounded Quarterly. Open your account in OUR SAVINGS DEPARTMENT NOW and RECEIVE INTEREST FROM JANUARY 1st, 1930

First National Bank of Elba

**American Farmers** 

MAKE BETTER CROPS

The coming year rounds out an even century since the first use of Chilean Nitrate of Soda in the United States. Andrew Jackson, famous "Old Hickory", of Tennessee, was President of the United States in

1830 when the first cargo of this nitrogen fertilizer arrived by sailing vessel from far-off Chile. That was years before we had the telephone, the telegraph. TO-DAY-On sheer merit alone ... strict-ly on the basis of the good it

has done, Chilean Nitrate to-day is the standard nitrogen fertilizer. Last year more than 800,000 farmers used it to make more money from their crops. Every cotton champion in the South ... and every corn champion...made his winning crop with Chilean Nitrate. For nearly half a century, Experiment Stations have proved the value of Chilean Nitrate. In Penn-

sylvania, for instance, experiments have been conducted continuously since 1881! The success obtained by farmers who use it, leads many more each year to follow their example. Chilean Nitrate pays back its small cost many times over. Do not confuse Chilean Nitrate with other fertilizers. It is the world's only natural nitrate nitrogen. Not synthetic, but the real thing, mined and refined in Chile and nowhere else. It will pay you to insist on Chilean Nitrate. It is quick-acting food for almost every crop that grows ... proved by 100 years of use.

Special Book Offer FREE Our new 64-page illustrated book "How to Fertilize Your Crops" gives all the information you need. Free. Ask for Book No. 1 or tear out this ad and mail it with your name and address on the margin.
